## GREEN RIDGE CYCLERS

Their Race Meet at Driving Park Proved a Most Decided Success in Every Feature.

### COUNTY CHAMPIONSHIP DECIDED

R. A. Gregory Wins the Medal—Good Work of Young Coleman—Half-Mile Track Record Established—Twenty Two-Mile Handicap Was an Exciting Race—Big Entries and Many Starters in Every Event.

Every man entered for the races of the Green Ridge wheelmen at the Driving park yesterday was on the grounds and with one or two exceptions all who were entered started. The day was a perfect one for racing, the attendance was large, the contests exciting and enthusiasm ran high. Consequently it was a red letter day for Scranton bicyclists and one which the Green Ridge wheelmen can point back to as a proud day in their history.

The feature of the day was the five mile race, made by the Scranton boys. Charles Coleman, the 15-year-old wonder, opened the eyes of the racers by winning hands down the one-mile novice and the half-mile boys' race, securing a mark of 2:38 for the mile. He is a speedy youngster and gives promise of making a good showing in the future.

R. A. Gregory is now the champion of Lackawanna county, winning that distinction in a fine race from seven of the acknowledged speedsters of the county. He made an excellent record and greatly pleased his many friends and admirers.

Corser, of Pottsville, and Scott, of Plainfield, N. J., were undoubtedly the speediest men at the meet. Corser won every race he entered, with the exception of the handicap, and would have made a strong pull for that had not Scott stolen a march by starting just as the last half was entered upon and getting a winning lead before the others dreamt of beginning to start.

This spurt of Scott's was about the prettiest feature of the day. The way he passed by those standing men made them appear to be standing still and him to be going at express train speed. His ovation was second only to that given Gregory.

The time between races was filled in with delightful music by the Lawrence band.

ONE MILE NOVICE.

The first race was the one mile novice for riders who had never won a prize. There were six entries and five starters. The starters were W. J. Frederick, Anthracite, Pittston; E. A. Poole, Scranton; Charles Coleman, Scranton; F. H. Dietrich, Honesdale, and M. Biddleman, Scranton.

Coleman took the lead, but at the quarter dropped it to Dietrich. Coleman, Biddleman and Poole keeping abreast three yards in the rear, and Frederick bringing up the rear five yards behind. These positions were maintained until the last turn when Coleman sent Green Ridge stock up among the clouds by making a grand spurt, which in five seconds time landed him so far in the lead that he could have coasted over the tape and won. He, however, tried for a mark, and succeeded in making 2:38. Dietrich was second, Biddleman third, and Poole fourth.

The quarter-mile open had fifteen starters out of fifteen entries as follows: R. V. White, Scranton; R. A. Gregory, Scranton; Monte Scott, Plainfield, N. J.; G. M. Tolemie, Scranton; E. W. Softley, Wilkes-Barre; A. F. Diffenderfer, Binghamton, N. Y.; F. P. Weyandt, Scranton; R. W. Lanford, Pittston; W. N. Price, Philadelphia; Ray Dawson, Boonton, N. J.; John B. Corser, Pottsville; H. L. James, Wilkes-Barre; C. T. Miner, Binghamton, N. Y.; G. H. Winans, Scranton; G. R. Neilson, Pittston.

Two preliminary heats were run. In the first Scott, Diffenderfer and White secured places, their time being 24; and Corser, Dawson and Price were leaders in the second time 30. These six men were pitted against each other in the final. They made a pretty race, the four leaders at the finish being so closely bunched that there was not the length of a wheel between the leader and the fourth man. Corser won by a foot, Scott second, Price third and White fourth. The time was 34. The quarter of a second slower than the first heat of the preliminaries.

HALF-MILE OPEN.

The first heat of the half-mile open was a very pretty race. The starters were R. A. Gregory, Scranton; Monte Scott, Plainfield, N. J.; J. O. Smith, Pittston; G. M. Tolemie, Scranton; G. A. Gardner, Binghamton, N. Y.; H. G. Newman, Scranton; A. F. Diffenderfer, Binghamton, N. Y.

The men were bunched until the turn, when Gregory made a lead and spurred down the stretch for first place, but Scott overtook and passed him ten yards from the ribbon, winning the heat in 1:13 2-5. Gilmore was second and Gregory third.

The starters in the second heat were: C. W. Crick, Sinking Springs; F. P. Weyandt, Scranton; E. L. Van Valkenburgh, Pittston; W. N. Price, Philadelphia; J. B. Corser, Pottsville; C. T. Miner, Binghamton; G. H. Winans, Scranton.

Winans lead from the start, and looked like a winner, or at least as if he was sure of a place. However, he could not spur at the finish and three out of town men passed him on the stretch, forcing him out of a place. Corser won in 1:10; Miner second and Price third.

Diffenderfer claimed a foul in the preliminary and was allowed to start in the final, making seven in all to start. It was a rather tame race, and four and one-half seconds slower than the second heat of the preliminaries, which time, however, was the fastest half mile ever made on the Driving Park track. Corser won by his wonderful spurring in 1:14. Miner was second, Scott third, Diffenderfer fourth, Gregory fifth and Gilmore sixth.

HALF MILE BOY'S RACE.

Young Coleman who won the mile novice was accorded the boy's half mile race before it was started and he caused no disappointment. At the home stretch he let himself out and won hands down. Howard Williams was second; Blythe White, third; George Klein, fourth; J. J. Weber, Pittston; fifth; E. W. Finn, sixth. Time 1:19.

ONE MILE OPEN.

There being twenty-one entries in the one mile open it necessitated two heats. The local men who had entered did not start as they wished to reserve their energies for the Lackawanna county championship race race which followed. This left six starters in the first heat. They were: W. J. Frederick, Pittston; J. O. Smith, Pittston; E. W. Softley, Wilkes-Barre; C. W. Crick, Sinking Springs; E. C. Doup, Brooklyn, N. Y.; Ray Dawson, Boonton, N. J.

The time made, 2:50, tells the story of the heat. The men simply drifted around till the three-quarters was reached, when the spurring began. Crick had the best of it and led over the tape. Smith was second and Dawson third.

There were eight starters out of eleven entries in the second race. The starters were Monte Scott, Plainfield, N. J.; A. F. Diffenderfer, Binghamton, N. Y.; F. P. Weyandt, Scranton; R. W. Lanford, Pittston; J. B. Corser, Pottsville; H. L. James, Wilkes-Barre; C. T. Miner, Binghamton, N. Y. Crises of "inner" "gross" "young axes," "that's pretty near a walk" and the like were the greetings from the grand stand. The racers redeemed themselves, however, at the stretch, finishing in a bunch. The first wheel was off the tape before the fourth was on it. Scott won; Corser was second and Nemer third. A track record for loading of 3:16 flat was made.

The two sets of leaders then lined up for the final heat and expectations of a good race ran high. To prevent the repetition of the looting in the preliminaries a time limit of 3:40 was set. Corser came in first in 2:43, Scott second and Crick third, but as they failed to get inside the time limit the referee compelled them to run it over. Four of them, Dawson, Corser, Scott and Crick reluctantly consented to go another mile. Crick took a brisk pace, followed in good fashion by Scott, Corser and Dawson. At the final turn Scott, Corser and Dawson pulled up on the leader and passed him. Corser won again. Scott second, Dawson third. Time, 2:30.

THE COUNTY CHAMPIONSHIP.

The county championship race was for blood. Seven Scrantonians started out with a determination to make Newman prove it he was champion of five counties, which record he won on Fourth of July. The starters were: R. V. White, Scranton; R. A. Gregory, Scranton; G. M. Tolemie, Scranton; G. A. Gardner, Scranton; E. A. Gilmore, Scranton; H. G. Newman, Scranton; F. P. Weyandt, Scranton; G. H. Winans, Scranton.

When, after a pretty and exciting struggle, Gregory, the Green Ridge man won the race, the grand stand went wild with enthusiasm. Newman was not in it at all. Gardner, White and Gilmore also beat him out. The time was 2:33.

## BONTA CLASS COMPANY

Something About the Progress of That Enterprise.

### FINE SHOWING IT HAS MADE

Through the Medium of the Bonta Machine People Will Yet Be Enabled to Live in Glass Houses—Twenty Thousand Dollars Is All That Is Needed to Complete the Work. Election of Board of Directors.

One of the local stockholders in the Bonta Glass company, which is building a plant near Moosic, in talking with a TRIBUNE representative yesterday about the company's plans and prospects, said: "I have lived in Scranton long enough to see industries grow up between it and adjacent cities, and all for the simple reason that the people of Scranton have depended almost entirely upon their own industry and capital to give growth and strength to almost all enterprises started in our midst. We are just emerging from the greatest business depression ever witnessed here; and, through it all, I am proud to say, no city in the whole country has withstood the effect of this business cyclone with less suffering than have we."

"The greatest struggle is over and today we find our population with the balance sheet showing on the right side. We have accustomed ourselves in the past year by talking and acting to meet the worst that might come and to such an extent has it grown upon us that it is difficult to realize that darkness has gone, that a sun of prosperity has risen and that the time has come to wake up from this lethargy."

ON A SOLID BASIS.

"I am a stockholder in one of our new enterprises which has moved quietly through this depression, making slight advance from day to day, going no faster than our treasury sales would permit, keeping the company practically out of debt, so that every stockholder owned his own stock, free from mortgage debt. Our property today is worth \$100,000, to say nothing of our patents; and we do not owe \$500 and we have about \$500,000 of treasury stock with which to complete our work. I assert, that no new enterprise in this country can make a better showing. I have held my interest from the start, and have kept a close watch of the development, and I think as a business man I can show to our stockholders and the moneyed men of Scranton that the stock of our company must in the near future be one of the best paying investments in our city."

THE LAP RACE.

Monte Scott, C. W. Crick, E. L. Valenberg, G. H. Winans and F. E. Doup started in the lap race. The time made, 2:37, was made by Scott, who won both laps. Crick came second in both events and Winans and Doup each had a third and fourth place accorded to them. The third prize was awarded to Winans because Doup had not been entered legally.

TWO-MILE HANDICAP.

The final race of the day was the two mile handicap, in which there were twenty-three entries and nineteen starters. The men went the first mile in two bunches, Scott, Corser, Crick, Dawson and Doup, scratch and short handicap men, forming the second group. Just as the two crowds were beginning to amalgamate at the last half Scott, one of the scratch men, pulled out of his bunch and passed the first bunch at a lightning pace, and when the three-quarter pole was reached he was so far ahead of his competitors that he could have fearlessly gotten off his wheel and remounted. He, however, did not lag any, but kept up his wonderful sprint and crossed the tape in 4:45, with a remarkable time for two miles.

Miner (125 yards) was second, Diffenderfer (100 yards) third and White (150 yards) fourth.

OFFICERS OF THE DAY.

The following were the officers of the day: Referee—John J. Van Nort, Scranton. Judges—Frank Dietrich, Wilkes-Barre; H. P. Hitchcock, Scranton; W. H. Gleason, Binghamton, N. Y.

Timers—U. G. Harmon, Bloomsburg; C. S. Seaman, Scranton; Frank Snyder, Pittston.

Assistant Clerks of Course—W. L. Carr, Scranton; T. O. H. Chase, Scranton.

Scorer—William Rishon, Bloomsburg.

Handicapper—A. G. Powell, Philadelphia.

At the evening the prizes were distributed at the Green Ridge Club house by H. P. Hitchcock. A social followed.

### MR. HAND INJURED.

Thrown from His Carriage with Serious Results by a Spirited Horse.

He Was Driving.

A very serious accident befell Michael Hand, sr., proprietor of the Meadow Brook Brewing company, of Cedar street, at 8 o'clock yesterday afternoon. His horse ran away and he was thrown from his carriage, striking heavily on a heap of broken stone, and sustaining a deep cut two inches long on his head just above the temporal bone. The skin on the left arm was very painfully abraded.

The accident occurred to Mr. Hand at the corner of Locust street and Cedar avenue, a few paces from his residence. He had just hitched his carriage to a mettlesome horse and was driving the animal around from the stable.

There is half-bag cellar adjoining the residence of O. L. H. Heigel, and into it the horse turned and made a dash for the street on the opposite side. The buggy was overturned and Mr. Hand fell out, striking head foremost with the result above stated.

Dr. J. A. Manley dressed the wounds, and does not believe the injury is fatal, unless inflammation should set in. Mr. Hand has been in a dazed condition since the accident.

## THE TRAMP ROUND-UP

Police Make a General Raid and Secure Many Recruits for the Chain Gang.

### THE TRAMP ROUND-UP

The police made a general round-up of tramps yesterday morning just at daybreak and succeeded in getting twenty-five of the rampant vagrants. When Alderman Fitzsimmons got his branding iron ready for business he had a herd of thirty-eight of the wandering Willie breed to face. Of this number twenty-five were stamped as thoroughbreds and thirteen were allowed to go.

The raid was well planned and well executed. Four squads of officers, each in charge of a lieutenant moved at dawn upon the various stamping grounds of the tramps. Lieutenant Davis with the central city squad captured the woods and rocks of New Aug park. Lieutenant Spellman with the Providence squad swooped down upon the box cars in the Delaware, Lackawanna and Western switches at the mines about the North End. Lieutenant Williams with the Hyde Park men went through the Diamond field and along the Bloom tracks. The South Side contingent under Lieutenant Zing took in the mills and furnaces of the Lackawanna Iron and Steel company. While they succeeded in capturing twenty-five of the tramp army they were far from getting all that are in the city. However, it is safe to predict that if another raid were made today not a half dozen tramps could be found. When it is evident that our police department mean business the tramps will not linger long in this vicinity.

Among those caught in the raid were several who gave good accounts of themselves and were released. Two were sent to the old station house in Center street in the charge of Pat Gilbride to prepare it for the reception of the vagrants. The rest were consigned to the chain gang and marched down to the flats, where they were put to work assisting the stone crusher in breaking cobbles.

During the day one of the gang picked the lock of his manacles and slipped away. In the evening the gang was marched to the Center street station house and locked up for the night. Ten days is the time each of them will have to serve.

The new addition to the gang gave their names as follows: Fred Kintz, Petersburg; Hugh Taylor, Jersey; John Sullivan, nowhere; Frank Carden, Hyde Park; John McCarty, Niagara Falls; Jan. C. Coyne, Philadelphia; Albert Snodgrass, New York; Frank Murray, Erie; George Deere, Reading; William Jones, Williamsport; James Brennan, Pittsburgh.
